Dear Parents,

Hopefully the children are now comfortable with their online classes. The whole school team is working relentlessly in this direction and the time schedule has also been revised to overcome certain issues. It has been noticed that some students are missing their classes and not attending the classes regularly. At this juncture we expect full cooperation regarding the smooth functioning of classes. If your ward has any genuine problem, you must inform the class teacher as school is following a set curriculum and the syllabus covered in these online classes shares added information which lead to concept clarity. Due to uncertainty of the period of lockdown it is advisable that the kids attend the online classes. We would also like to inform you that teachers are regularly sharing assignments at Google classroom app. and very soon online assessment will be started. You are requested to make sure that child should be regular in attending classes and submit the assignment as marks /grades will be given that will be the record for internal assessment will be reflected in the report card. We once again request you to value our efforts and co-operate us to overcome any limitations.

Stay Safe.
